My One And Only One

“Sexy...Soulful...Irresistible...Incredible.”

-Smooth Jazz Monthly

“Increasing the boundaries of jazz.” -Jazziz

• Saxophonist, vocalist, songwriter Jessy J is one of the brightest stars on the Smooth Jazz scene. Her combination of extraordinary musical talents and exciting live performances have garnered her several Smooth Jazz radio #1s, a #1 Billboard Contemporary Jazz chart position, Billboard's and R&R's Contemporary Jazz Song Of The Year Award and more. She also performs before millions as the saxophonist on television's *The Voice*, and has appeared on *American Idol* as well.

• *My One And Only One* is Jessy J's most deliciously grooving, sensuous, creative work to date. Produced by the great Paul Brown (George Benson, Boney James, Peter White), the album features special guest, Grammy winning keyboardist Gregg Karukas. Highlights include Jessy's sensitive re-imaginings of Adele's "Lovesong," Toni Braxton's "You're Makin' Me High," the R&B classic "Strawberry Letter 23" plus 7 great Jessy J originals!

• The first single, "Tango Boy," is already climbing up the Smooth Jazz radio charts, and a tour of North America is in the works in support of this release.

• Online visibility will be strong, supported by a full new media campaign focused on exposing Jessy J and her music to all relevant internet outlets for features, reviews, interviews and more.
